

PURRFURABLY CATS

Boarding Checklist

Mandatory Items:

- Boarding Agreement - completed & signed
- Vaccination Records - Rabies and Distemper (FVRCP) vaccines are required. Please feel free to fax **(831-655-2287)** or email **(meow@purrfurablycats.com)** ahead of time.
- Medications - labeled with cat's name and dosage

Optional Items:

- Food - Please bring your cats own food, as we want them to remain on their same diet and feel as comfortable here as they would in their own home. We serve premium grade wet & dry cat food for an additional charge if you forget or cannot bring your own food.
- Worn Clothing - your scent is comforting to your cat. You may consider bringing a T-shirt, pillow case or blanket. It reminds them of home.
- Brush
- Toys
- Cat Bed - we provide comfy beds so it's up to you if you want to bring their bed from home
- Cat Treats - again, we provide treats but they may be a different brand than your cat is used to.

Important! In the event that your travel plans are disrupted and your return is delayed it is important that we can continue to administer any necessary medications to your cat. Therefore you should make sure to provide a few extra days worth of medication. The same is true for food if you choose to provide it. Any unused medication and food is returned to you when you pickup your cat.
